

2009/ 2010 ACT Course Dates

SEC engages students in a 16 hour comprehensive ACT preparation class spread over 8 sessions, covering the 4 main sections of the ACT (Reading, English, Math and Science). Students will take a practice test for each section throughout the course of the class, while learning tips and strategies to get through the test effectively and efficiently. Subject areas will be broken down per week by our highly qualified teachers, allowing the students to get an in-depth look at the specific section of the test and what it entails. Homework is assigned and graded during the course for a better understanding of each area. Choose the class session below by circling the class and site (SEC or Chaparral) that best suits your schedule. To register for the ACT Prep *Class* fill out the form below or call 480-538-0828.
