

2009/ 2010 SAT Course Dates

SEC engages students in a comprehensive SAT preparation class which targets either language or math skills. In addition to test-taking strategies, SEC teachers go further, actually teaching concepts. Students take three practice tests at intervals in order to measure progress. In preparation for the writing block, students actually write a timed essay each week which is then graded and analyzed. Not only do students see higher test scores, but they receive solid instruction to enhance post graduate skills. Choose the class session below that best suits your schedule. SAT private and semi-private tutoring is also available at *Scottsdale Education Center* Monday through Thursday, as well as at *Desert Mountain High School* on Saturdays. Please call SEC for more details. To register for the *Class* fill out the form below or call 480-538-0828.
