

## 2018/2019 SAT COMPREHENSIVE PREPARATION PROGRAM

### *Class and Semi-Private Tutoring Overview*

SEC engages students in a 16-hour comprehensive SAT preparation class spread over 8 sessions, covering the 3 main sections of the SAT (Reading, Writing & Language and Math). Program includes up to 3 full practice tests, proctored, scored, analyzed with a separate personal result review consultation. In addition, students will learn tips and strategies to get through the test effectively and efficiently. Subject areas will be broken down per week by our highly experienced high school teachers, allowing the students to get an in-depth look at the specific section of the test and what it entails. Homework is assigned and graded during the course for a better understanding of each area. SAT private and semi-private tutoring is also available.
