## IN ADDITION TO TUTORING SERVICES

### Homework Support

Missing assignments can have a major negative impact on students' grades. Our program provides a quiet productive environment for students needing to focus on homework without interruption. Offered for grades 5 - 12, homework support provides a safe directed haven in which to complete assignments. Students are placed alongside a tutor where they work independently, yet can be monitored. Weekly grade pulls keep students accountable.

### School Support

We understand how difficult it can be with hectic schedules to contact your child's teachers to find out if their academic goals are being achieved. SEC offers, with your permission, to stay in touch with your child's classroom teacher to make sure that progress made at SEC is also realized at school.

### Drop In Support

Just need occasional help? We offer a flexible program for our busy students who are juggling many interests... sports, theater, community service, pom/cheer, band, work, etc.

### Standardized Test Preparation

SEC offers classes as well as intensive tutoring for a variety of standardized tests including: SAT, PSAT, ACT, AP, AIMS, GED and private school entrance exams.

***"My son Improved his AIMS writing score 220 points which moved him from Meeting the Standard to Exceeding the Standard and allowed him to qualify for state scholarships. We were so impressed with these results..."***
